

This is to certify that

Mann Made Corporate Services Ltd.

2nd floor, Atlantic House, 4-8 Circular Road, Douglas, IM1 1AG, Isle of Man

Has been assessed

by Paul McLaughlin for IT Governance Ltd
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Internet facing infrastructure for Mann Made Group, including firewalls, routers and hosted systems located in the Isle of Man office.

Certification date: February 19th, 2018

Recommended re-assessment date: **February 18th, 2019**

Certificate no.: 2505131131448995

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
